

## WELCOME

Welcome to the first edition of the Positive Play Periodical your monthly briefing from the team at Better Change. The year has got off to an exciting start with our CEO Victoria Reed being named as one of GBG Magazines “one to watch” in 2026, there were two major industry events and we are already out delivering our training and education programme for the year. Each month you can read about our adventures, find out more about our products and even pick up some responsible gambling advice from our regular columnist, “The Positive Player”.

Thanks for reading and have a “Positive” month! Rob.

## BETTER CHANGE CEO VICTORIA REED NAMED AS INDUSTRY “ONE TO WATCH” FOR 2026 IN PRESTIGIOUS INDUSTRY LIST

### NEWS

Gambling publication GBG have announced their annual list of gambling industry professionals to watch in 2026. The list has included some illustrious names in its history and this year we are proud to have our own CEO and Founder included in the list. Congratulations Vicki, from everyone here at Better Change. You can read the full article with reaction from Vicki as well as who else made this years who’s who [here](#).

## EDUCATION, EMERGING MARKETS & TECH THE FOCUS FOR BETTER CHANGE AT EAG & ICE

### EVENTS

It didn’t take long for 2026 event season to get into full swing starting with The EAG (Entertainment, Attractions and Gaming) Expo in London on the 13<sup>th</sup> Jan closely followed the week after by the behemoth that is the ICE trade show in Barcelona. Better Change were exhibiting at both events showcasing our training and education products as well as talking about new and emerging global markets and exploring the latest developments in tech. You can read our full event report [here](#).

## TRAINING & EDUCATION

### PROGRAMME FOR 2026

#### EDUCATION

Better Change are proud to release their training and education brochure for 2026 detailing the different programmes we have available to empower your teams, deliver long term sustainable growth and prevent gambling harm through Positive Play. Our Apprenticeship level 4 in regulatory compliance is in full swing with the first cohort now live and applications open for future cohorts. We have expanded our suite of e-learning beyond safer gambling covering area of compliance and marketing. Positive Play workshops are available for in person or remote skills based learning and we have our calendar of events planned for 2026 to promote Positive Play and the advancements of our industry. You can read more and download a copy of our brochure [here](#).

DATA-DRIVEN  
ANALYSIS

“Whoever had the idea of adding 10 minutes added time to premier league football matches clearly hasn't experienced the rollercoaster of emotions that is having your weekend football accumulator won or lost in the dying seconds!”

Join the Positive Player as they share their betting experiences each month to help throw some light on a topic seldom discussed... Responsible, Positive Play! In this months instalment we take a ride on the weekend rollercoaster that is the football accumulator. Late goals, dodgy selections and special offers are covered in this essential guide for the gambler who wants to play positively. Read the full article [here](#).
